

Accessories

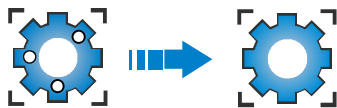

HD Prime Pack

Greatly enhances the Handheld HD Scan Mode of the EinScan-Pro+.

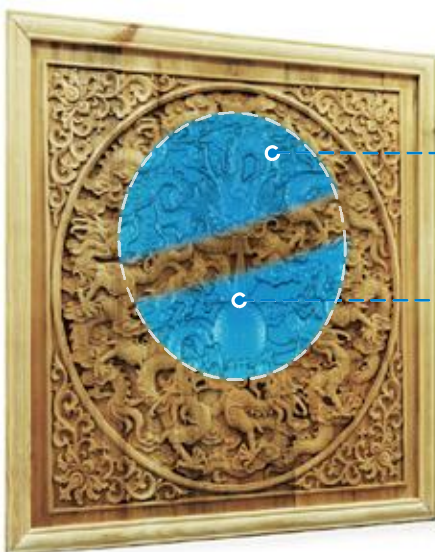

For EinScan-Pro+

It accelerates the scan speed in Handheld HD Scan Mode and captures more details of the scanned objects. It's ideal for cultural heritage preservation, archiving, restoration, etc.

- Enable markers-free alignment in Handheld HD Scan Mode
- Scanning speed is increased by 30%, capturing high-accuracy and high-resolution scanned data more rapidly
- Capture more details when scanning without markers in Handheld HD Scan Mode

- Marker free alignment in handheld HD Scan mode
- Speed up 30%
